INSTRUCTIONS

1. The application and fee, **made payable to the City of Greenville**, must be received by the planning and development office no later than 5:00 pm of the date reflected on the attached schedule.

2. The applicant/owner must respond to the "standards" questions on page 2 of this application (you must answer "why" you believe the application meets the tests for the granting of a special exception). See also **Section 19-2.3.5, Special Exception Permit**, for additional information. You may attach a separate sheet addressing these questions.

3. You must attach a scaled drawing of the property that reflects, at a minimum, the following: (a) property lines, existing buildings, and other relevant site improvements; (b) the nature (and dimensions) of the proposed development (activity); (c) existing buildings and other relevant site improvements on adjacent properties; and, (d) topographic, natural features, etc. relevant to the requested special exception.

4. You must attach the required application fee: \$250.00

5. The administrator will review the application for "sufficiency" pursuant to **Section 19-2.2.6, Determination of Sufficiency**, prior to placing the application on the BZA agenda. If the application is determined to be "insufficient", the administrator will contact the applicant to request that the applicant resolve the deficiencies. **You are encouraged to schedule an application conference with a planner, who will review your application for "sufficiency" at the time it is submitted. Call (864) 467-4476 to schedule an appointment.**

6. You must post the subject property at least 15 days (but not more than 18 days) prior to the scheduled hearing date.

_____ 'Public Hearing' signs are acknowledged as received by the applicant

Applicant Signature

7. **Please read carefully:** The applicant and property owner affirm that all information submitted with this application; including any/all supplemental information is true and correct to the best of their knowledge and they have provided full disclosure of the relevant facts.

In addition the applicant affirms that the applicant or someone acting on the applicant's behalf has made a reasonable effort to determine whether a deed or other document places one or more restrictions on the property that preclude or impede the intended use and has found no record of such a restriction.

If the planning office by separate inquiry determines that such a restriction exists, it shall notify the applicant. If the applicant does not withdraw or modify the application in a timely manner, or act to have the restriction terminated or waived, then the planning office will indicate in its report to the Board of Zoning Appeals that granting the requested change would not likely result in the benefit the applicant seeks.

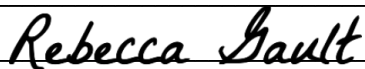

To that end, the applicant hereby affirms that the tract or parcel of land subject of the attached application is ☐ or is not ☒ restricted by any recorded covenant that is contrary to, conflicts with, or prohibits the requested activity.

Meet With the Technical Advisory Committee

Applications for Zoning Compliance will be reviewed by the Technical Advisory Committee (TAC), a City Staff committee comprised of representatives from the following City Departments and appointed by the City Manager:

Building Codes and Inspections
Business Licensing
Economic Development
Public Information and Events

Police
Fire
Planning
Legal

The Technical Advisory Committee convenes once-a-month to meet with Applicants and review Conditional Use Permit applications that may be granted by the Zoning Administrator. This process promotes a more comprehensive understanding of the Applicant's proposal, which in turn conveys a more comprehensive understanding of the multiple Departments' operating requirements and expectations.

The Applicant, Business Owner, and Property Owner (if different) are required to attend a regularly scheduled TAC meeting prior to granting a Conditional Use Permit. Managers and anyone involved in operating the business are also encouraged to attend. The meeting date, time, and exact location within City Hall will be confirmed upon submittal of this application to the Planning and Development office on the 5th floor of City Hall.

Group Therapy Technical Advisory Committee Application

Operating Plan

1. **Type of use:** Full service restaurant, bar, and entertainment venue serving food, beer, wine, and alcohol.
2. **Hours of operation:** 7 days a week from 11am to 2am. Hours could change seasonally based on demand but will never extend past 11am or 2am.
3. **Staffing schedule:** Afternoon from 11am - 6pm and evening from 6pm to 2am.
4. **Kitchen equipment schedule:** See exhibit A.
5. **Menu and hours of food service:** See exhibit B. Our food service hours will be consistent with the hours we are open from 11am to 2am.
6. **Parking for customers and employees:** The Building and Lease offer no dedicated parking for either customers or employees and the establishment will rely on public parking. The Camperdown development has two nearby parking garages and valet service directly underneath and adjacent to the location.
7. **Designated smoking area:** N/A
8. **Type of entertainment and duration:** Weekday programming will include dedicated karaoke nights, bingo, and trivia nights. These programs will start and end consistent with the end of the work day starting at approximately 5pm - 6pm, and lasting till 2am or close of business if there is sufficient demand. On weekends including Friday and Saturday nights, we will include live DJ's, live bands, musicians, and singers, and additional karaoke opportunities. These programs will be consistent with demand and could start as early as 5pm - close on Fridays, and open to close on Saturdays and Sundays. Mini Golf, Synthetic Ice Curling, Ping Pong, and Axe Throwing will also be available 7 days a week, open to close.
9. **Closing / last call procedures:** An announcement over our sound system will announce the last call which will be at 1:45am with all the customers gone from the building by 2am.

Security Procedures

1. **Number and type of designated security staff:** The Camperdown development provides all tenants a 24/7 onsite security personnel. The initial plan for Group Therapy indoors is to have no in house security Sunday – Thursday open to close. Friday and Saturday from 7pm till close there will be one security staff member at the front door dedicated to security, checking ID's, and occupancy control as we transition to 21+ only. We will make adjustments to this plan as we see the need.

2. **Training / certification of the staff:** We plan to train each employee to whatever the required level or certification may be for that role which may include but not limited to ServSafe, TIPS, and other restaurant and bar industry training.

3. **Specific duties / responsibilities of staff:**

Bartender – The Bartenders will be the primary customer service contact and will have the majority of the floor responsibilities. Make and serve drinks, take food orders, countdown cash and credit card receipts every night. Clean the bar at the end of the night and prepare the restaurant for the next shift.

Barback – Keep the bar and surrounding area clean and free for movement, keep all needed items stocked and easily reachable for the bartenders, and to handle random issues that may occur. Clean the bar at the end of the night and prepare the restaurant for the next shift.

Kitchen Staff – Prep food for cooking, cook orders, keep the kitchen clean during and after shift and to keep the kitchen in compliance with all relevant laws and codes.

Security – Check ID's for legal drinking age, maintain the order and safety of everyone in the venue, crowd management and occupancy enforcement, help clean and prepare the restaurant for the next shift at the end of the night.

Assistant Managers - They will float from different areas of the venue to assist as needed. They will also handle all customer service complaints and issues.

Kitchen and Bar Manager - They will oversee the kitchen, waiter, bartender staff to ensure compliance with all applicable laws and codes. Hold staff accountable for their duties and responsibilities. Provide support in other areas as needed.

General Manager - They will oversee all operations of the business and provide support as needed including the day to day operations.

Event Manager - Responsible for booking events, parties, and team builders and setting up these events as they happen.

4. **Entry / exit and re-entry procedures.** The front door will act as the primary entrance and exit for normal hours of operation. When security is needed all ID's will be checked at the front door and occupancy number will be counted continually. In the case of an emergency all of the patrons will be directed to

leave via the front door/main entrance. The restaurant will be in compliance with all state and local laws in regards to Exit Signs and maintaining each exit.

5. **Crowd management** - When necessary there will be staff security located at the front door continually counting for occupancy to maintain crowd control and manage the occupancy numbers. Should the venue reach occupancy capacity a line will be formed down in front of the venue with stanchion lines. There is plenty of Camperdown plaza space in this area and there is no other business in operation.
6. **Crime prevention through environmental design** - The venue has been designed in such a way that almost every area is open and can be observed by security and employees at a single glance. The primary entrance being the only viable method of entry or exit unless there is an emergency and the kitchen exit needs to be used makes controlling who comes in and out of the venue possible.

Operating Plan

1. **Seating plan** - See exhibit C.
2. **Schedule a feasibility inspection of the property** - We will schedule the inspection and be available to reply with any reasonable request made by the inspector.

Business Plan

1. **Business Plan Summary: Target Audience, Theme, Objectives / Goals** - Our target audience is young professionals aging from 18 - 40. Our theme is to redefine and create a new modern take on therapy by providing a fun atmosphere for all ages to have fun, eat, and play. Our objective and goal is to bring to downtown Greenville their first entertainment concept and to inspire play through community with others.
2. **Projected revenue % alcohol vs. food sales** - 75 % alcohol vs 25 % food.
3. **Fees for entry / membership / entertainment** - There will not be a fee for entry. We are considering memberships, but not immediately when we open. Since we will offer various entertainment options within our venue those will be priced per person, and per rental bay consistent with other entertainment businesses such as Top Golf. Entertainment prices could also vary depending on peak vs off peak hours. Right now our pricing model includes \$15 9 holes of mini golf, and \$40 per hour for a bay rental for axe throwing, ice curling, and ping pong which includes up to 6 guests.
4. **Status of city business license application** - Was told we couldn't apply until November since we are not opening until early 2022.

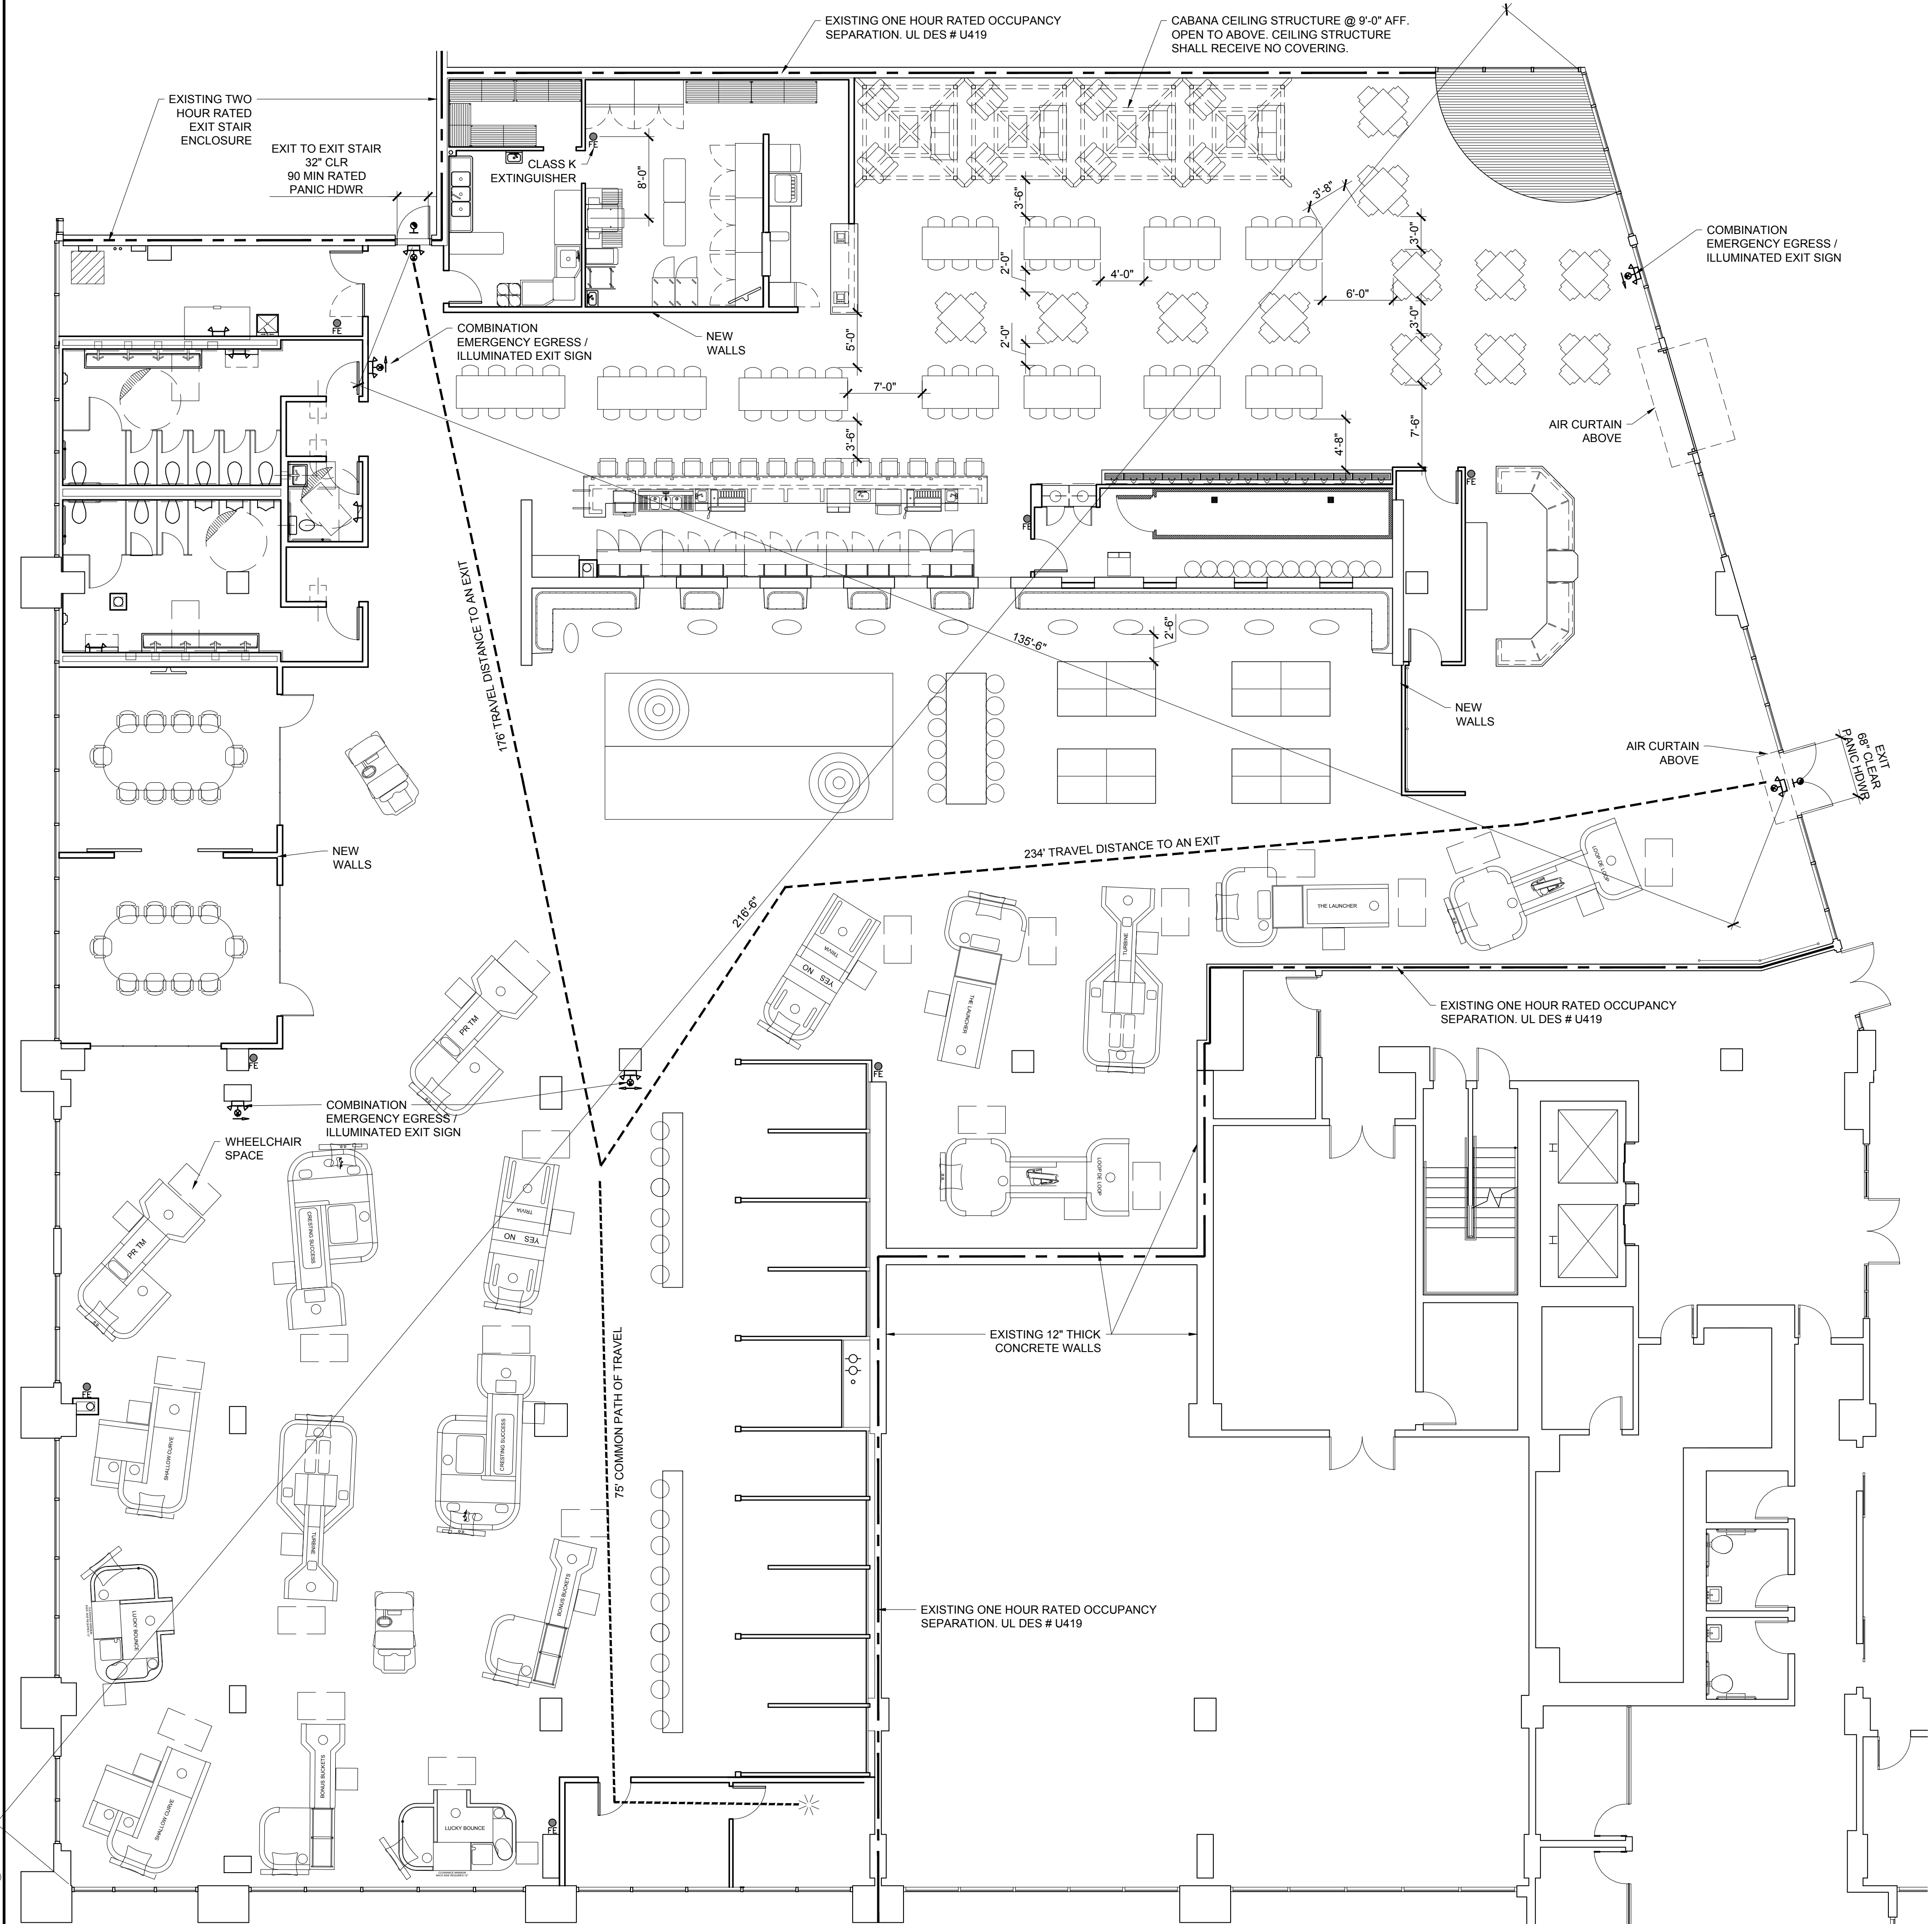

5. **Status of SCDHEC retail establishment permit if applicable** - Awaiting the start of construction to schedule our first inspection. Approximate time frame will be in November 2021.
6. **Status of ABL-901 application to SC department of revenue** - Waiting for final background checks on all members and to send in application in the next few weeks.
7. **Provide documentation that SLED requirements have been met** - See exhibit D of background checks. Please do not publish these as they include sensitive personal information.
